

Dear Client

CHANGE TO COVID-19 LATERAL FLOW TEST AT THE MULBERRY CENTRE

To help stop the spread of COVID-19 The Mulberry Centre is registered with the workplace testing scheme and all staff, volunteers and clients attending the Centre must take a lateral flow test at home or a pharmacy no more than 24 hours before coming into the Centre.

COVID-19 Workplace Collect test result reporting has changed and we must now log lateral flow test results on line at: <https://www.gov.uk/report-covid19-result> There is a step by step process which is easy to follow on line. When logging you results online, please quote The Mulberry Centre's Unique Organisation Number (UON) 50699081.

A confirmation email and/or text message from the NHS will be required as proof of your negative result, when you attend the Centre for a face-to-face appointment.

Lateral flow test kits can be ordered directly from the NHS through the following link: <https://test-for-coronavirus.service.gov.uk/order-lateral-flow-kits/condition> and will be delivered directly to your home address. You can also collect a test kit from The Mulberry Centre.

If you require support ordering a test kit, reporting your results or taking a test, please contact us on 020 8321 6300 and we will be happy to help.

Kind regards
The Mulberry Centre Team
